

DCCI- Teddy Bear Newsletter ~ March 2021

We love to learn through play! Here we are using clothes pins to pick up pom poms as fast as we can! This activity is a fun way to strengthen fine motor skills! PaSt: Use hands and fingers to manipulate objects.

Ways to strengthen areas of development at home...

- A simple game of "I SPY" will help with focus!
- Cutting with scissors! Giving your child paper to cut however they want will help with their fine motor skills.
- Playing board games such as Candy Land will help with taking turns, patience and playing in a group!
