Teddy Bear Tips

With the summer fun beginning be sure to talk to your children about summer safety. Beach trips, Pool trips, and amusement parks are just some of the popular places to visit during the summer months. Going over a few very important rules is a great way to help keep everyone safe while having a good time. Though it may seem redundant, going over the safety rules every time you visit any of these places (especially if there is water involved) will help your child remember exactly how to act and what to do in every surrounding they are in!
