4. If your child is going to be absent please send us a message through Procure or call the Honey Bear room.

Students will be working on identifying and spelling their name. The next step will be working on tracing their name. They will be working on the correct pinch grip. Some students have started to write their name by themselves. This final step will occur when the child seems to have a comfortable pinch grip and shows they can trace independently with out "hand over hand" direction. If your child knows how to write their name, then we will move on to tracing letters they are unfamiliar with. We will be learning letters E, F, G, and H
We will be learning to identify numbers, counting objects, matching shapes, and greater and less than.
